

Kumho Diami 10w-40

New generation high-performance automotive oil

Definition

KUMHO Diami 10W-40, synthetic base, providing wear protection with its new improved formula, it is a synthetic engine oil produced with oils and new additive technology.

Places of Use

Gasoline and diesel engines that require ACEA A3/B4 performance level engine oil in SAE 10W-40 viscosity class, it can be recommended for all passenger cars and light commercial vehicles.

Features and Benefits

- Provides maximum fuel savings and keeps the engine clean.
- It slows down the aging of the oil by providing a longer oil change interval.
- It ensures the best efficiency from fuel and increases engine efficiency.
- Provides high engine power by reducing internal engine friction.
- Provides faster start-up and very fast protection.
