

Kumho Eto 20w-50

New generation high-performance automotive oil

Definition

IKUMHO Eto 20W-50 it is an engine oil produced by adding high performance additives to high quality base oils.

It is especially suitable for vehicles operating under difficult conditions and driving in stop-and-go type urban traffic.

Places of Use

Passenger cars and light commercial vehicles, including high-performance engines used in engines. It can be used easily in all seasons in difficult conditions such as urban traffic and highways.

Features and Benefits

- It perfectly protects every part of the engine from the first moment of operation.
- It preserves the oil film thickness by reducing the effect of temperature change on oil viscosity.
- It prevents wear by protecting the engine against the chemical effects of acidic residues.
- Provides high engine power by reducing internal engine friction.
- Keeps the engine clean by preventing active deposits and sludge formation.
- Provides the best efficiency from fuel and increases engine efficiency

Specifications and Approvals:

API CG-4/CF-4/CF/SG, Allison C3,CAT TO-2,MIL-L-2104D,VW 505 00

Test	Unit	Test method	Ideal values
Density, 15°C	g/liter	ASTM D 4052	0,89
Viscosity, 100°C	mm ² /s	ASTM D 445	19,1
Viscosity Index		ASTM D 2270	125
Pour Point	°C	ASTM D 97	-24
Flash Point COC	°C	ASTM D 92	236

Values shown may differ between productions.
