

Kumho GT 4T 10W-40

New generation high-performance Motorcycle oil

Definition

KUMHO GT 10W-40 provides superior protection and performance developed with synthetic technology. It is synthetic engine oil

Places of Use

Air or air, including four-stroke and high-performance motorcycles with catalytic converters. It can be used safely in water-cooled motorcycles in all seasons. Additionally, JASO MA2 specifications. It is also suitable for European and Japanese manufactured motorcycles for which it is recommended.

Features and Benefits

- It protects the engine by minimizing friction losses with effective lubrication at high speeds and high temperatures.
- Provides excellent wet grip performance.
- Thanks to its special formula, it provides faster clutch and smoother transition between gears, thus increasing the speed of the motorcycle increases its performance.

Specifications and Approvals:

API SN, JASO MA2

Test	Unit	Test method	Ideal values
Density, 15°C	g/liter	ASTM D 4052	0,87
Viscosity, 100°C	mm ² /s	ASTM D 445	13,3
Viscosity Index		ASTM D 2270	151
Pour Point	°C	ASTM D 97	-31
Flash Point COC	°C	ASTM D 92	240

Values shown may differ between productions.
