

## Kumho GT 4T 20W-40

New generation high-performance Motorcycle oil

### Definition

**KUMHO GT 20W-40** It is a synthetic engine oil formulated with high-performance additives for four-stroke motorcycles. Thanks to its technological additives, it provides excellent engine protection by minimizing viscosity changes at high temperatures.

### Places of Use

It is safe for use in four-stroke and high-performance motorcycles throughout the year. It is also suitable for European and Japanese-Chinese motorcycles where API SN and/or JASO MA2 specifications are recommended.

### Features and Benefits

- It protects the engine perfectly, extending its life.
- It provides high engine power by reducing internal friction.
- Its high viscosity index keeps the oil viscosity under control even under severe conditions, preventing oil film rupture.
- Its active cleaning components prevent deposits and sludge formation, keeping the engine clean.

### Specifications and Approvals:

**API SN, JASO MA2**

Test	Unit	Test method	Ideal values
Density, 15°C	g/liter	ASTM D 4052	0,87
Viscosity, 100°C	mm <sup>2</sup> /s	ASTM D 445	15,4
Viscosity Index		ASTM D 2270	118
Pour Point	°C	ASTM D 97	-22
Flash Point COC	°C	ASTM D 92	255

Values shown may differ between productions.
